

Meet **LABOR S.A.**

Experts in Testing. Leaders in Inspection. Pioneers in Certification.
For 30 years, **LABOR** is your trusted partner driving your market success through quality and compliance.

- Fully accredited laboratories
- Top-tier engineers & scientists
- Cutting-edge technology
- Recognized across Greece and internationally

We don't just test products – we help you build brand trust.

Precise testing. Rigorous Inspection. Reliable Certification

Be the leading authority in laboratory testing and certification globally.

Vision

Empowering businesses through precision, trusted reliability, and forward-thinking innovation.

Ensure the highest standards of quality, safety and compliance.

A photograph of three scientists in a laboratory setting. Two women and one man, all wearing white lab coats and safety glasses, are looking down at a glowing, futuristic interface on a table. The background is dark with blue and yellow bokeh lights.

Precise testing. Rigorous Inspection. Reliable Certification

Mission

- Deliver excellence in laboratory testing, product certification, and quality management system certifications
- Utilize advanced technology and highly qualified professionals
- Provide accurate, reliable, and internationally recognized results
- Support businesses in achieving regulatory compliance and product safety.

Value Proposition

Precise testing. Rigorous Inspection. Reliable Certification

At **LABOR**, we provide globally recognized testing and certification services, ensuring your products meet the highest standards of safety, compliance, and quality. Our services empower businesses to stand out in the market, backed by a powerful three-fold advantage:

Global Recognition

Trusted by ministries and accredited by both Greek and international authorities, ensuring your products are market-ready across borders.

Unmatched Expertise

Leveraging cutting-edge technology and a team of highly qualified professionals, we deliver precise, reliable, and industry-leading results.

Streamlined Process

With over 30 years of experience, we offer a seamless, efficient certification journey that saves you time, ensures compliance with ease and expands your market reach.

Your Competitive Advantage Starts Here

At LABOR, we do more than compliance -we unlock growth.

We offer:

- End-to-end Testing & Certification
- Regulatory Strategy & Guidance
- International Market Access (CE, ISO, RoHS, etc.)
- Fast-track Services to reduce time-to-market.

Partner with us to move from concept to certified quickly, safely, and globally.

Precise testing. Rigorous Inspection. Reliable Certification

Strategic Objectives

- ▲ Retain current standards and expand accreditation for new testing standards and industries
- ▲ Strengthen partnerships with international regulatory bodies
- ▲ Enhance digital capabilities for faster, more efficient evaluation
- ▲ Increase global recognition and market presence.

Precise testing. Rigorous Inspection. Reliable Certification

Why Companies Choose LABOR

- ✓ **Instant Credibility:**
Our certification stamp builds customer confidence
- ✓ **Market Expansion:**
Open doors to EU and global markets
- ✓ **Smooth Process:**
We handle the complexity — you focus on growth
- ✓ **Personalized Support:**
Real experts, tailored advice, clear results
- ✓ **Zero-Risk Compliance:**
Avoid costly delays, fines, or recalls

We enable your products' access to market and accelerate your growth.

Services

1

CE Marking

We provide expert guidance and certification for CE Marking, ensuring your products meet EU safety, health, and environmental protection requirements for seamless market access.

2

Comprehensive Lab Testing

Our state-of-the-art, accredited laboratory performs a full range of tests to reliably verify product safety, performance, and quality against international standards.

3

Accredited Product Certification

Beyond CE Marking, we offer accredited certification for a wide range of products, including electrical equipment and construction materials, verifying quality and compliance for European and global markets.

4

Industrial & Building Inspections

Our certified inspectors conduct thorough audits and inspections of industrial equipment, installations, and buildings to ensure operational safety and regulatory compliance.

5

Sustainability & Eco-Labeling

Differentiate your products with our specialized LABENERGY and LABGREEN certifications for IT equipment, demonstrating superior energy efficiency and a commitment to sustainability.

6

Regulatory & Standards Guidance

Our experts help you navigate the complexities of New Approach Directives and harmonized standards, providing clear assistance with product classification, labeling, and compliance strategies.

7

Technical File Evaluation

We provide meticulous review of your product's technical documentation, test reports, and design files to ensure they are complete and meet all requirements for a successful certification process.

Values That Drive Results

Integrity

Transparency and fairness in everything we do

Excellence

Precision, reliability, and continuous improvement

Innovation

Tech-forward testing for tomorrow's products

Client Focus

Your goals are our priority

Reliability

Trusted results, every step of the way

Compliance & Quality

Upholding the highest international standards in testing and certification

Our values drive our service — and your success. They set us apart and move you forward.

Core Solutions that deliver

- CE Marking & Product Certification
 - Electrical Safety & EMC Testing
 - Energy Efficiency & Environmental Testing
 - Quality System Certifications (ISO, etc.)
 - Technical Documentation Review & Labeling Support
-

All services under one roof
fast, accurate, and
fully certified.

Industries & Sectors We Empower

From startups and SMEs to multinational and international companies, we test/certify:

- Consumer Appliances
- Electrical & Electronic Devices
- Eco & Energy Products
- IoT & Connected Equipment
- Industrial Components
- Military Equipment & Defense Systems
- Medical Equipment & Services

Your product. Our expertise. One global standard.

Your Launchpad to the Market

With LABOR, you're not just meeting requirements - you're surpassing expectations.

LABOR S.A.

The Testing - Inspection
Certification Partner
Behind Market Leaders
